

Cookie Walk Supply List

1. Bakery boxes. Our customers let us know that they liked the 9" pie boxes best. We had used smaller, deeper boxes a few times.
2. Paper liners for boxes.
3. Disposable plastic gloves. If you can't find them, a plastic sandwich bag will work.
4. An accurate kitchen scale.
5. Crinkle ribbon to tie around the boxes. This is optional, but it gives a "finished" look. We also had labels printed with "Christmas Cookie Walk"

and the name and address of our church. We sealed each box with them. We purchased the labels from a mail order source (500 for approximately \$3.).

6. Lots of Cookies. 1995 was our 5th Annual Christmas Cookie Walk. We completely sold out over 330 lbs of cookies in 45 minutes, and we made over \$3,000. We know that if we had had twice as many cookies, we could have sold them.

Items 1-3 can be found at a bakery wholesaler or food service company.

Hint: We had free coffee, tea and hot chocolate along with cookie samples at our "Coffee Tables," set up out of the traffic flow.
